Change in Access Control Policy Effective 1 September 2011

In compliance with CNIC directives, Commander, Navy Region Northwest is making changes to its access control policies. Changes affect those vendors, contractors, sub-contractors, and service providers who access the installation but are not authorized a Common Access Credential (CAC). Individuals who enroll in the *RAPID*Gate® Program will have streamlined access onto the Installation. Others will have limited / restricted access.

Summary of changes:

***RAPID*Gate Participants Benefits:**

- ❑ *RAPIDGate* is the only long term pass available
- ❑ Allows access for up to one year
- ❑ Subject only to Random Inspections

Non-*RAPID*Gate Participant Restrictions and Conditions:

- ❑ All Regional Contractor badges expire on 31 Aug 2011 .
- ❑ Region Contractor badges will continue to be used for enclave access
- ❑ Must produce bill of lading, work order, or request for service
- ❑ Must obtain day-pass from Pass/ID each day access is needed
- ❑ Subject to more frequent vehicle inspections and limited hours of inspection station
